Aniosgel Plus

HYDROALCHOLIC ANTISEPTIC GEL FOR SKIN & HANDS

ANIOSGEL Plus is an ideal hand antiseptic in fast moving environments such as dialysis clinics, ambulatory care centers and hospitals.

The gel form makes ANIOSGEL Plus user friendly and adds moisturizing and softening properties.

ANIOSGEL Plus is formulated without perfumes or colors for better tolerability. The proprietary special formula makes ANIOSGEL Plus effective within 30 seconds for antibacterial hand wash, and 5 minutes for surgical washings.
